This 3 bedroom property is the result of fusing 3 suites into a fantastic single unit, in the heart of the Puente Romano Hotel, only steps away from the beach. This property is ideally located within this world renowned 5 star luxury resort, and as such owners can enjoy the use of the five star facilities on offer within the hotel complex. Confirmed as probably the most sought after location on the Golden Mile, where one can now find some of Marbella's finest restaurants, eateries and night spots. The apartment has been refurbished to incorporate a fully fitted kitchen with adjoining dining area and large living room with access to the south-facing terrace. The lounge is filled with light through large windows and patio doors, as well as a high wooden-beamed ceiling that gives the whole area a unique feeling. The apartment offers a master bedroom with fitted wardrobes and access to another independent, south-facing terrace. A second double bedroom is located at the rear of the property, as well as an additional lounging area that can be used for relaxing, studying, or even converted to an additional sleeping area with a sofa bed if desired.

*Please note that this apartment is a privately owned property inside the hotel, but is not part of the hotel itself (meaning hotel guests may have priority for certain areas of the hotel). Guests will be able to use the hotel's swimming pool located in front of the apartment, open an account with the hotel to order room service (pay per meal), and can use the hotel's spa and tennis club on a pay per visit basis.
