Welcome to Villa, a premium property that is more than just a pretty façade, built for those who know how to relax and enjoy themselves. This impressive villa with its own separate guest house caters for parties of up to 22 adults. There are a total of 11 stylish bedrooms, plenty of spacious terraces, lounge areas, parking, and sumptuous bathrooms too, most of which are ensuite. This charmed abode offers ample space throughout with substantial lounges, (the main lounge being 400 square metres), sweeping terraces and a very generously sized outdoor pool and lawn. You could lose yourself here, but you won't want to, as there are plenty of fun facilities to enjoy with your other guests such as the indoor and outdoor pools, a bar and cigar room.

Now for the guided tour: When you enter the main house you will find a huge living room, two kitchens as well as 4 of the luscious bedrooms on the ground floor. But, it's down in the basement where the fun really starts; let's call it the entertainment floor. Here you will find the cigar room, a bar, an indoor pool, sauna, cool pool, the theatre with its own cinema room, a massage room and a game room. Get involved! The separate guest house at Villa is equally impressive in its own right, with 2 floors, 3 bedrooms, ensuite bathrooms and a charming terrace of its own. It goes without saying the property's exterior is just as fitting for a residence of this standing. With mature gardens, an enormous pool and well-designed patio with covered areas. Holidays here will feel like you have been to your own private hotel, but one where you get to choose the guests!
